

The background is a gradient from dark purple on the left to a lighter purple on the right. It is decorated with abstract geometric patterns. On the left side, there is a network of thin white lines connecting small white dots, forming a complex web. Scattered across the background are various thin white outlines of triangles and other polygons. In the upper right corner, there are small clusters of white dots, some of which are slightly larger or more prominent than others.

# RELACIONES DE ATRIBUTOS

# ¿Qué son las Relaciones de Atributos?

Las relaciones de atributos se utiliza los Para optimizar el funcionamiento de las dimensiones.

# Ejercicio

The background features a smooth gradient from a deep purple on the left to a dark blue on the right. Overlaid on this is a complex, abstract network of white dots of varying sizes, interconnected by thin, light-colored lines. This network forms a series of irregular polygons and clusters, primarily concentrated in the upper right and lower right areas of the frame.
